Note to all Library Directors and Library Board Chairs

On Thursday September 27th, the BC Library Trustees' Association, in conjunction with the BC Library Association and the Association of BC Public Library Directors, is hosting a reception in Vancouver as part of the Union of BC Municipalities Annual Convention (see attachment). On behalf of the hosting organizations, **we invite you and/or trustees from your Board to attend this event** if you are in or visiting Vancouver.

Typically over 300 Mayors, Councillors and Regional Representatives from around the province attend this reception making it an excellent opportunity to mix with local government representatives in an informal social environment and celebrate public library service in BC. The theme for this year's reception is: "Beyond Words: How Libraries Change Lives".

The attached invitation will be included in the registration packages of all 1300 delegates attending the UBCM Convention so even if you cannot attend in person, we encourage you to contact your local government officials who may be coming to the UBCM Convention and invite them to join us. It is a very popular reception and a great event to keep libraries high on the agenda at the local government level.

An RSVP is not required. We hope to see you there.

Sincerely,
Peter Wainwright
President - British Columbia Library Trustees' Association
