Subject: BCLTA - Does your Board have experience with policy governance?

To: Library Board Chairs and BCLTA Liaisons

The board of the North Vancouver District Public Library is considering moving to a policy governance board model. They would be very interested to know if other library boards in BC have made, or considered, such a move and the outcome of this change.

If you have experience to share in this area, please contact the NVDPL board chair - David Clancy at clancylaw@shaw.ca. Thank you.

Regards,
Maureen Black
Executive Director, British Columbia Library Trustees' Association
