2009 Election Issues

Attention Library Board Chairs/BCLTA Liaisons:

Please find attached a letter and public library fact sheet produced jointly by the BC Library Trustees Association, the BC Library Association and the Association of BC Public Library Directors for use during the 2009 provincial election campaign.

In light of concerns that libraries may face reduced funding after the election, it is crucial that we all work hard over the coming weeks to communicate to candidates the value of our public library system. We hope that the attached documents will be of use to our members in these efforts.
