The Honourable Gordon Campbell
Premier of British Columbia
Box 9014
STN PROV GOVT
Victoria, BC V8W 9E1

Dear Premier Campbell,

As chairperson of the Friends of the Pemberton Library board and a trustee of the Pemberton & District Public Library, I am writing to express concern about the possibility that provincial funding of essential services for libraries across the province will be withdrawn, or at best reduced.

Rural libraries such as ours struggle to provide a comparable service to our smaller and more isolated communities to those offered in the larger centers. Provincially funded programs such as BC OneCard, the interlibrary loan program - InterLink, the interlibrary integrated database systems and support for a variety of literacy programs are vital to our achieving this goal. This funding has allowed our library to become a vibrant center for literacy and information for our growing community.

Our community recently raised considerable funding to establish a new library. Since opening our doors July 2008, library use has soared and a variety of programs, addressing the literary needs of all demographic groups, are being well attended. It would be devastating if, through lack of government funding, these programs and the enhanced library services would have to be cut.

To impede the groundswell of participation and interest in literary growth in our diverse library district is surely inconsistent with your election promise to make BC the most literate province in Canada.

We urge you to choose literacy as a high priority when making your budget choices.

Respectfully,
